Dear Mr. Ehrler:

This letter is in reference to the Lees Lane Landfill Site located in Louisville, Kentucky. This site was placed on the National Priorities List in December, 1982. Since that time work has been conducted at the site to characterize the types and extent of contamination. As a result of this work, the Remedial Investigation/Feasibility Study Reports are being presented for public review. These reports along with other information concerning the site may be found at the repositories listed in the fact sheet.

For your information, I have enclosed a Feasibility Study Summary which summarizes the findings of the draft Feasibility Study Report.

If you have any questions, please call me at (404) 881-2643.

Sincerely,

Eeverly T. Houston
